

Name _____

Date _____

Why Did They Change It?

Listen as a grown-up reads each one. Circle what the animal or person needs.

READ ALOUD

Living things change the place where they live to get what they need: food, water and a safe home.

A beaver builds a dam of sticks. Why?

a safe home

to play

A squirrel digs and hides nuts. Why?

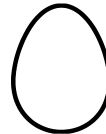

a bed

food for winter

A bird builds a nest. Why?

a place for eggs

to swim

People plow a field and plant it. Why?

to grow food

to play

People build a road. Why?

to get from place
to place

to catch fish

Why Did They Change It?

Animals and people change the land to get food, water or a safe home.
