

Name _____

Date _____

From Egg to Butterfly

Read the story aloud. Then read each question and circle the picture.

READ ALOUD A caterpillar grows up

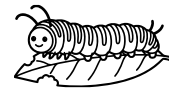

A butterfly lays a tiny egg on a leaf. A little caterpillar hatches out. It eats the leaf and grows bigger and bigger.

Then the caterpillar hangs very still and turns into a chrysalis. Inside, its body changes. One day a butterfly comes out, dries its wings and flies away.

- 1 What hatches out of the egg?

butterfly

caterpillar

chrysalis

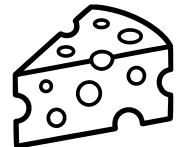

- 2 What does the caterpillar eat?

leaves

fish

cheese

- 3 What does the caterpillar turn into?

egg

chrysalis

butterfly

- 4 What comes out of the chrysalis?

caterpillar

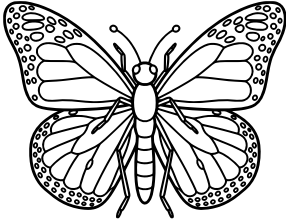

egg

butterfly

From Egg to Butterfly

The answers are circled.
