Rosa and the Seed

A grown-up reads the text aloud, then reads each question. Circle or draw the answer.

READ ALOUD

Rosa had one tiny seed. She dug a little hole in the garden, dropped the seed inside and patted the dirt on top.

Every day, Rosa gave the seed a drink of water. The sun shone down and kept it warm.

One morning, Rosa saw something new: a little green sprout! It grew taller and taller, all summer long.

At last a big yellow sunflower opened up, as tall as Rosa. "Hello, flower," said Rosa. "We grew together."
