

Name _____

Date _____

What Makes Something Living?

Read the facts aloud. Then read each question and circle the answer.

READ ALOUD Living things

Living things **grow**. A chick grows into a hen, and a seed grows into a plant. Living things need **food and water**, and they **breathe** air.

Living things make more living things, like a hen that lays eggs. A rock does not grow, eat or breathe. It is nonliving.

1 Which one grows?

sprout

rock

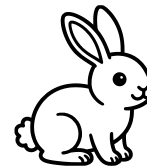

car

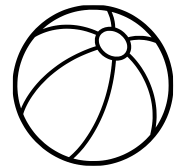

2 Which one needs food?

teddy bear

rabbit

ball

3 Which one breathes?

chair

pencil

dog

4 Which one is nonliving?

bird

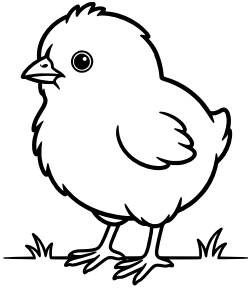

rock

tree

What Makes Something Living?

The answers are circled.
